

Enchanted Light Garden

Level access is gained from the main tarmac road opposite our outdoor tennis & football courts. This then takes you onto a winding semi-prepared path constructed of compressed stone and topped with wood chip.

The width of the path is suitable for the use of wheelchairs and mobility scooters. Although not supervised, the trail is a one-way system and is approximately 155m in length.

Flashing and bright lights are a fundamental element of this experience. However, Center Parcs has received advice that photosensitive epilepsy is most likely to be triggered by (among other things) lighting flashing/strobing at a rate of 2hz (2 times per second over an extended period of time). The lights on the trail have been programmed avoiding this rate and do not continually flash for extended periods of time.

The nearest cycle park is located at the outdoor tennis & football courts.

Toilets

The nearest accessible toilet is located in the Outdoor Activity Centre or Pancake House which are both a 5-minute walk away.
